I, Frank Walker, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 19 day of July and the 15 day of Sept. 1942; that it truly and correctly represents the location and extent of the works used to divert water from BALM OF GILEAD SPRING, CHOKE CHERRY CREEK and SOUTH WILLOW SPRING, in Lincoln County, by JOHN H. CONAWAY for stockwatering purposes. That the point of diversion, the approximate location and extent of the diverting works, the place and manner of use, and the location and names of all works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
