

OVERALL PLAN

SCALE 1.1/2" = 1 MILE

DETAIL 'A'

SCALE 1" = 400'

T19NR19E

I, Thos. R. King, being first duly sworn, depose and say, that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision between August 1 and September 15, 1943, that it truly and correctly represents the location and extent of the works used to divert water from the Truckee River in Washoe County, by Joseph L. Raffetto for irrigation purposes. That the points of diversion, the approximate location of the diverting channel, the location and extent of the lands upon which the water is used, together with the area and kind of culture in each 40-Acre subdivision, and the locations and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

*Thos. R. King*  
State Water Right Surveyor.

Subscribed and sworn to before me this 20<sup>th</sup> day of September 1943.

*[Signature]*  
Notary Public in and for Washoe County, Nevada.

DETAIL 'B'

SCALE 1" = 400'

T19NR19E

NOTE

The Hayden Ditch and diversion dam no longer exist. Their locations are approximate only and based upon the best information obtainable. See Application.

DETAIL 'C'

SCALE 1" = 400'

T20NR20E

NOTE

This map is submitted for PROOF OF BENEFICIAL USE also, for the reason that the cultured lands shown hereon have been irrigated for many years by water of a later priority than that transferred.

8824 *[Signature]* June 5, 1945
