

Place of use near shaft
to STEEL
E

State of Nevada }
 County of Elko } ss.

I, William T. Swensen, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 25th day of October, and the 26th day of October, 1943; that it truly and correctly represents the location and extent of the proposed works used to divert water from the underground workings of the Victoria Lease Mine, in Elko County, by the International Smelting and Refining Co. for mining, milling and domestic purposes. The proposed point of diversion and return, the location of the mine, the approximate size and capacity of the diverting channel, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

W. T. Swensen
 State Water Right Surveyor

Subscribed and sworn to before me this 7th day of October, 1943.
Walter Gell
 Notary Public in and for Elko County, Nevada
