I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 23 day of April 1933 and the 13 day of May 1944; that it truly and correctly represents the location and extent of the works used to divert water from PORPHYRY WASH, in Lincoln County, by ROBERT A. THORLEY, for stockwatering purposes. That the point of diversion, the location and size of the diverting channel, pipe and reservoir, the place and manner of use, and the location and name of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
