I, Thos. R. King, being first duly sworn, depose and say, that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision between August 1 and September 15, 1943; that it truly and correctly represents the location and extent of the works used to divert water from the Truckee River, in Washoe County, by Joseph L. Raffetto for irrigation purposes. That the points of diversion, the approximate location of the diverting channel, the location and extent of the lands upon which the water is used, together with the area and kind of culture in each 40-Acre subdivision, and the locations and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

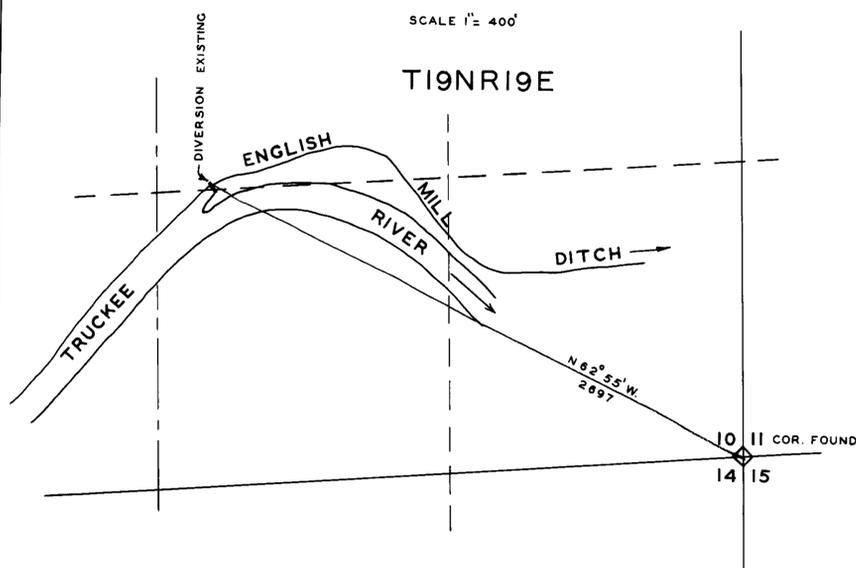

Thos. R. King
State Water Right Surveyor.

Subscribed and sworn to before me this 20th day of September 1943.

NOTE -
Water to be transferred under this application is defined under Claim No. 383 of the Truckee River Temporary Restraining Order, as amended by court order, September 6, 1944.

NOTE
This map is submitted for PROOF OF BENEFICIAL USE also, for the reason that the cultured lands shown hereon have been irrigated for many years by water of a later priority than that transferred.
