I, W.A. Wentz, being first duly sworn, depose and say this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 24th day of November and the 25th day of November 1945; that it truly and correctly represents the proposed location and extent of the works used to divert water from Asa More Canyon Creek, in Humboldt County, by George Gove, for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

State Water Right Surveyor
