 I, W. A. Wentz, being first duly sworn, depose and say this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 29th day of November, and the 30th day of November, 1945; that it truly and correctly represents the location and extent of the proposed works used to divert water from Camp Spring, in Humboldt County, by G. B. Austin, for mining, milling and domestic purposes. That the proposed point of diversion and return, the location of the mill, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
 W. A. Wentz
