

STATE OF NEVADA } ss.  
 COUNTY OF EMERALDA }

I, Ed. S. Giles being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 15<sup>th</sup> day of October, 1946 and correctly represents the location and extent of the works used to divert water from an underground flow in Nye County by Hughes and Harmer for irrigation. That all other works and streams which are crossed by or are connected with the said works and the boundary area of all lands showing by 40 acre subdivisions the land to be irrigated together with the proposed point of diversion, the approximate position of the diverting channel, all reservoirs and catch basins are fully and correctly designated thereon.

Ed. S. Giles  
 STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me  
 this 8<sup>th</sup> day of November, 1946

*Tracy Robertson*  
 CLERK OF DISTRICT COURT.

SCALE 1 IN. = 400 FT.
