 W. H. Settelmeyer, being first duly sworn, deposes and says that this map has been correctly drawn to the designated scale from field notes of a survey made by me on the 31st day of October 1946 that it truly and correctly represents the proposed location and extent of the works to be used to divert water from Sodhouse Creek in Eureka County, by Dan Filippini for irrigation purposes. That the proposed point of diversion, the approximate location of the diverting channel, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated are fully and correctly designated thereon.
