

STATE OF NEVADA, } ss.
 County of Esmeralda.....

I, William H. Hisle, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 14th day of July, 1947; that it truly and correctly represents the location and extent of the proposed work to be used to divert water from an Underground Source, in Nye County, by H.L. Titus and Madison Locke for stock-watering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
