I, ROBERT W. MILLARD, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 4th and 6th days of August, 1948; that it truly and correctly represents the location and extent of the proposed works used to divert water from an unnamed spring now called GROUSE SPRING, in WHITE PINE County, by THE ST. LAWRENCE MINING COMPANY, for mining, milling, and domestic purposes. That the proposed point of diversion, the location of the proposed point of use, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated hereon.

Subscribed and sworn to before me this 26th day of August, 1948.
