

SECTION A-----A
SCALE, 1 inch = 1 foot.

PLAN OF WORKS USED FOR STOCKWATERING
AT
TEN MILE WELL.
SCALE, 1 inch = 4 feet.

STATE of UTAH
COUNTY of WASHINGTON ss.
I, LEO A. SNOW, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 27th day of August, 1946.
That it truly and correctly represents the location and extent of the works used to divert water from underground (Ten Mile Well) in Clark County by A. C. MARSHALL for stockwatering purposes.
That all bearings shown thereon are compass bearings, using a magnetic declination of 16 degrees 30 minutes east.
That the point of diversion, the approximate location and size of the diverting channel, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

STATE WATER RIGHT SURVEYOR.
Subscribed and sworn to before me this 2nd day of February, 1948.
NOTARY PUBLIC in and for Washington County, UTAH.
