I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of surveys made by me, and under my supervision and direction between the 5 day of June 1946 and the 14 day of Nov. 1947, that it truly and correctly represents the location and extent of the proposed works used to divert water from Horse Spring and Gold Spring, in Nye County, by Floyd R. Lamb and Carlton P. Lamb for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting conduit and tank, the place and manner of use, and the location and names of all other works, which are crossed by, or connected with said works, are fully and correctly designated thereon.
