 I, Walter G. Reid being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me May 13th, 1948, that it truly and correctly represents the location and extent of the works used to divert water from Farrington Spring, in Mineral County, by Muller Bros. for stockwatering purposes. That the point of diversion, the approximate location and the size of the diverting conduit, the place and the manner of use, and the location and names of all other works or streams which are crossed by, or connected by said works, are fully and correctly designated thereon.

*Walter G. Reid*  
 State Water Right Surveyor
