 I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 13th. day of September, 1948, that it truly and correctly represents the location and extent of the works used to divert water from underground source, in Lyon County, by Dugan S. & Mina S. Albright for irrigation & domestic purposes. That the point of diversion, the approximate location and size of the diverting conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the above works, and the boundry of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.
