 I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 1st. and 20th. day of March, 1948; that it truly and correctly represents the location and extent of the works used to divert the water from underground sources, in Lyon County, by G. C. McVICAR, for irrigation purposes. That the point of diversion, the approximate location and size of the diverting channels, all reservoirs or basins, the location and names of all other works which will cross or connect with the works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

Subscribed and sworn to before me this 29 day of March, 1948.
 Notary Public in and for Douglas County, Nevada
