I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 1st. and the 20th. days of March, 1948; that it truly and correctly represents the location and extent of the works used to divert water from underground sources, in Lyon County, by C. G. Wines for irrigation and domestic purposes. That the point of diversion, the approximate location and size of diverting channels and conduits, all reservoirs or basins, the location and names of all other works which will cross or connect with the said works, and the boundary of all lands, showing by 40-acre subdivisions the area to be irrigated, are fully designated thereon.
