 I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the first and the twentieth days of March, 1948; that it truly and correctly represents the location and extent of the proposed works used to divert water from underground sources, in Lyon County, by Warren Simpson for stockwatering and domestic purposes. That the points of diversion, the approximate location and size of the diverting conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

*Walter G. Reid*  
 State Water Right Surveyor  
 Subscribed and sworn to before me this 1 day of June, 1948.
