I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me, completed on the 27 day of March 1948; that it truly and correctly represents the location and extent of the works used to divert water from Under ground, in Lincoln County, by Dan J. Ronnow, for irrigation purposes. That the point of diversion, the approximate location and size of the diverting channel, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Frank Walker
 State Water Right Surveyor
