

STATE OF NEVADA, } s.s.
 COUNTY OF ORMSBY

I, James D. Wallace, Jr., being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 20th day of March, 1948, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source, in Lyon County, by Wilbur and Carl O. Rouse, for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

James D. Wallace, Jr.
 State Water Right Surveyor

Subscribed and sworn to before me this 29th day of May 1948.
