State of Nevada s.s.
County of Washoe

I, John E. Curran, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on July 10, 1948; that it truly and correctly represents the location and extent of the proposed works used to divert water from an unnamed spring, in Washoe County, by Julius Redelius for Milling, Mining & Domestic purposes from said spring. That the proposed point of diversion and return, the location of the mine and proposed mill; the approximate size and capacity of the diverting conduit; the location and names of all other works are fully and carefully designated hereon.

John E. Curran
State Water Right Surveyor (R.E. 258)
