I, J. G. Huntington, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 24th and 26th days of November 1948; that it truly and correctly represents the location and extent of the proposed works used to divert water from Unnamed Seeps and Winnemucca Mtn. Spring, in Humboldt County, by Gus Rogers and Abb Rogers, for Mining, Milling and Domestic purposes. That the proposed points of diversion and return, the location of the mill, the size of the diverting conduits and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

J. G. Huntington
 State Water Right Surveyor

Subscribed and sworn to before me this 8th, day of December 1948. *Del. E. Moore*
