I, William H. Hisle, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of surveys made by me on the 5th and 6th days of September, 1948; that it truly and correctly represents the location and extent of the works used to divert water from Little Cow Canyon Spring and Meadow Spring both in Nye County, by Joe, Helen, and Robert Williams for stock watering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.

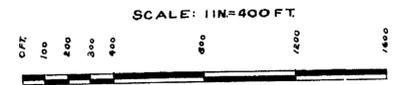

William H. Hisle
