 I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 17 day of June and the 20 day of Nov. 1948; that it truly and correctly represents the location and extent of the works used in the proposed change of the point of diversion and use of the waters from Mustang Spring, in Lincoln County, by B. A. Ercanbrack, for stockwatering purposes. That the location of the original application No. 6497 and the proposed change, place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
