I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me, completed on the 8 day of April 1949; that it truly and correctly represents the location and extent of the proposed works used to divert water from Pan American Wash, in Lincoln County, by Robert A. Thorley for Stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting works, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
