I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me on the 3 and 4 days of February 1950; that it truly and correctly represents the location and extent of the works used to divert water from underground, in Lincoln County, by Everest Hackett, for stockwatering purposes. That the proposed point of diversion, the location of the Well, Pump, Windmill and Tanks and all other works which are connected with said works are fully and correctly designated thereon.
