I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 14th and 25th day of May 1950; that it truly and correctly represents the location and extent of the proposed works used to divert water from UNDERGROUND, in Lincoln County, by Don Wadsworth, for stockwatering and domestic purposes. That the proposed point of diversion, the approximate location of the well and diverting pump, the place and manner of use, and the location and names of all other works, or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
