

STATE OF NEVADA } ss  
 COUNTY OF ELKO }  
 I W. H. Seftelmeyer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by Jack Frost, a registered Land Surveyor of California on the Seventh day of July in the year 1950, that it truly and correctly represents the location and extent of the proposed works used to divert water from a well in Lander County by Sidney Smyth for irrigation purposes. That the proposed point of diversion, the approximate size and location of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
