I, J.V. Caselli, being first duly sworn, depose and say that this map, consisting of 1 sheet inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me between the 12th day of November and the 13th day of November, 1950, that it truly and correctly represents the location and extent of the proposed works used to divert water from Underground, in Nye County, by Fallini Brothers for stockwatering purposes. That the point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.

J.V. Caselli
State Water Right Surveyor
