I, Frank Walker, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 6 day of October and the 3 day of November 1951; that it truly and correctly represents the location and extent of the works used to divert water from Deep well, in Lincoln County, by R. F. Reynolds, for irrigation and domestic purposes. That the point of diversion, its approximate location and size of the diverting channel, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
