

SPANISH CANYON CREEK
 PROPOSED POINT OF DIVERSION

PROPOSED WORKS: Water will be impounded in a small dirt fill dam, thence conveyed through a 3 inch or 4 inch pipe-line to a Fingstev mill to be located East of the point of diversion.

STATE OF NEVADA } S.S.
 COUNTY OF NYE.....

I, T. McAbill, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 6 day of October and the 13 day of October, 1951; that it truly and correctly represents the location and extent of the proposed works used to divert water from Spanish Creek in Lander County by Marsam Enterprises Inc. for Mining & Milling purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

J. M. Cahill
 STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me this 29 day of October, 1951.
