

NOTE: Territory re-surveyed G.L.O. July 1912

STATE OF NEVADA } 55
County of Washoe }

I, Gunnar F. Halle, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 15th day of April, 1952, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Washoe County, by David E. Iveson, for irrigation purposes. That the proposed point of diversion, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Gunnar F. Halle
State Water Right Surveyor

Subscribed and sworn to before me this 14th day of May, 1952
