 COUNTY OF ORMSBY }

I, William J. Johnstone, being first duly sworn, depose and say this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on August 20, 1951, that it truly represents the proposed location and extent of the works to divert water from an underground source and the West Fork of the Carson River in Douglas County by Wm. T. Sturgis and Mrs. V.T. Whitney for Irrigation and Domestic purposes, that the Points of Diversion, the place and manner of use, are fully designated hereon.
