I, Robert W. Millard, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 17th and 19th days of April, 1949; that it truly and correctly represents the location and extent of the proposed works used to divert water from UNDERGROUND SOURCE in White Pine County by SWALLOW BROTHERS for stock-watering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

Robert W. Millard
State Water Right Surveyor

Subscribed and sworn to before me this 28th day of January, 1952.
