I, LEO A. SNOW, a civil Engineer, being first duly sworn depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on June 30 1951; that it truly and correctly represents the proposed location and extent of the works used to divert water from a Well in Clark County, Nevada by Orin A. Perkins for irrigation purposes. That the well site, the approximate location of the diverting channel and any other works crossed or connected therewith and the boundary of all lands to be irrigated are fully and correctly designated hereon.
