County of Elko

I, W. H. Settelmeyer, being first duly sworn, depose and say; that this map consisting of one sheet, has been correctly drawn to the designated scale, from field notes of a survey made by me on the 24th day of June, 1952; that it truly and correctly represents the location and extent of the proposed works used to divert water from an underground source, in Lander County, by the Joe Saval Estate for stockwatering purposes. That the proposed well, the location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
