

6" x 6" Post 2' above Ground - No Marks

PROPOSED POINT OF DIVERSION WELL 14" DIA., 400' DEEP

6" x 6" Cedar Post 2' above ground - No Marks

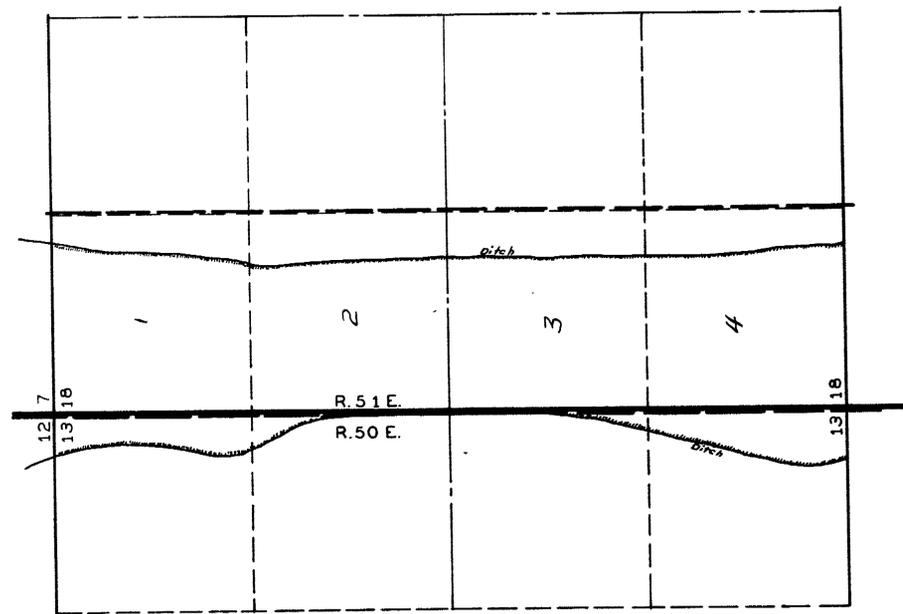

STATE OF NEVADA } ss.
COUNTY OF ELKO }

I, W.H. Settelmeyer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by C. F. De Armond, State Water Right Surveyor and recorded on map file number 01800, and a survey made by me on the 17th day of September 1951, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Eureka County by Stephen Damele and Sons, for irrigation purposes. That the proposed Point of Diversion, the approximate location and size of the diverting channel, all reservoirs and basins, the location and names of all other works which will cross or connect with the said works and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

W.H. Settelmeyer
State Water Right Surveyor

Subscribed and sworn to before me this 26th day of December 1951.

Roberta Jewell
Notary Public in and for Elko County Nevada

Note:
Propose to irrigate 500 Acres
of Land shown above.
