

Proposed Work: A 16" cased well 400 ft deep. Water will be pumped from well with 100 H.P. deepwell pump. Then into Jett Line with a 250 H.P. booster pump to place of use.

STATE OF NEVADA, } S.S.
 COUNTY OF NYE

I, T.M. Cahill, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 20 day of March and the 22 day of March, 1952; that it truly and correctly represents the location and extent of the proposed works used to divert water from C' Well in Nye County by Round Mtn. Gold Dredging Corp. for Mining, Milling, & domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated hereon.

J.M. Cahill
 STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me this 14 day of May 1952.
