pose and say that this map, consisting of  
one sheet, has been correctly drawn to the  
designated scale from field notes of a sur-

July and the 6 day of July, 1952; that it  
truly and correctly represents the proposed  
location and extent of the works used to divert  
water from Allen Well in Lander County,  
by Clarence Allen for Irrigation purposes. That the  
proposed point of diversion, the approximate loc-  
ation and size of the diverting channel, all res-  
ervoirs or basins, the location and names of all  
other works which will cross or connect with  
the proposed works, and the boundary of all  
lands, showing by 40 acre subdivisions the areas  
proposed to be irrigated are fully and correctly deag-
