 I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me October 27, 1953; that it truly and correctly represents the location and extent of the works used to divert water from Pepper Spring and Garfield Spring, in Mineral County, by Sweetwater Ranch Company for stockwatering and domestic purposes. That the point of diversion, the location of the diverting conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.

Walter G. Reid
 State Water Rights Surveyor

Subscribed and sworn to before me this 30th day of October, 1953.
