T. 12 N., R. 39 E. M.D.B. and M. Unsurveyed

Scale: 1 inch = 300 feet.

STATE OF NEVADA) ss.
County of Ormsby)

I, J. A. Millar, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me on the 15th day of September 1952; that it truly and correctly represents the location and extent of the installed works used to divert water from Left Fork Spring in Nye County, Nevada by The Nevada Company, for mining, milling and domestic purposes. The point of diversion and return; the location, sizes and length of the installed pipe line; the location and name of the Mill and the name and the location of the channel crossed by the pipe line, are fully and correctly designated hereon.

J. A. Millar
State Water Right Surveyor.

Subscribed and sworn to before me this 22nd day of September 1952

Notary Public in and for Ormsby County, Nevada
My Commission Expires July 6, 1953
