

STATE of NEVADA } ss.  
 COUNTY of NYE } ss.

I, C.A. Liddell, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 16<sup>th</sup> day of December 1952; that it truly and correctly represents the proposed location and extent of the works used to divert water to be obtained from an underground source in Nye County by I.A. Stub for irrigation and domestic purposes.

That the proposed points of diversion, the wells, the approximate location and size of the diverting channel, all reservoirs, or basins, the locations and names of all other works which will cross, or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated there on.

A main ditch has been partially completed running westerly along the north boundary and some laterals extended to the south.

C.A. Liddell  
 State Water Right Surveyor.

Subscribed and sworn to before me on this 16<sup>th</sup> day of Feb., 1953

W.H. Brown  
 Notary Public in and for Nye County, Nev.  
 My Commission Expires March 6, 1954
