I, William J. Johnstone, being first duly sworn, depose and say that this map, consisting of one sheet only, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 23rd day of June and the 21st day of July, 1956; that it truly and correctly represents the location and extent of the proposed works used to divert water supply (Ruth Tunnel), in Ormsby County, by Robert W. Schulz for stockwatering and domestic purposes. That the proposed point of diversion place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
