I, Robert W. Millard, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 28th day of February, and the 1st day of March, 1956; that it truly and correctly represents the location and extent of the proposed works used to divert water from an UNDERGROUND SOURCE, in White Pine County, by ISBELL CONSTRUCTION COMPANY, for mining and domestic purposes. That the proposed point of diversion and return, the location of the shops, the approximate size and capacity of the diverting channel, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated thereon.
