

STATE OF NEVADA } ss.
 COUNTY OF EMERALDA }

I, Ed. S. Giles, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale, from field notes of a survey made by me, on the 27th day of October, 1949. That it truly represents the location and extent of the works used to divert water from an Underground Source, in Esmeralda County, by Lee E. Pitts, for Mining and Milling purposes. That the point of diversion, the position of the diverting conduit, the location of all other works and streams which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions, the location of the point of diversion, development and places of use, are fully and correctly designated thereon.

Ed. S. Giles
 STATE WATER RIGHT SURVEYOR.

Subscribed and sworn to before me,
 this 9th day of October, 1949.
Clarence J. ...
 County Clerk.
