CERTIFICATE NO. 17 ISSUED

STATE OF NEVADA S.S.
COUNTY OF ORMSBY

I, Robert F. Guinn, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between Nov. 25th, 1956 and Dec. 21st, 1956; that it truly and correctly represents the location and extent of the works formerly used to divert water from the Truckee River via the North Truckee Ditch, and the location and extent of the lands upon which said water was formerly applied by Gladys E. Grieve and her predecessors for irrigation, stockwatering & domestic purposes under Claim 568 & 568A of the Truckee River Final Decree, and the location and extent of the works to be used to change the place of use of said water, all in Washoe County under application No. 16969. That the point of diversion and the location and extent of all lands owned or controlled by the applicant upon which water applied for under application No. 16969 is to be used, together with the area and kind of culture in each 40-acre subdivision are fully and correctly designated thereon.
