

State of Nevada
County of Ormsby :-SS

I J. A. Millar, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 12th day of October, 1956; that it truly and correctly represents the proposed location and extent of the works used to divert water from an Underground Source, in Douglas County, Nevada, by Loretta Mae Jones, for irrigation and domestic purposes. That the proposed point of diversion, the size and depth of the proposed well and sprinkler system, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.
