I, W.H. Settelmeyer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 6th day of September, 1956, that it truly and correctly represents the proposed location and extent of the works used to divert water from two un-named springs of an underground source, in Elko County, by E.L. Cord for stockwatering and domestic purposes. That the proposed points of diversion, the approximate locations and size of the diverting channels or other conduits, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.

Subscribed and sworn to before me this 8th day of September, 1956.
Notary Public in and for Elko, County, Nev.
