DETAIL "A"
SCALE 1" = 400'
EXISTING POINT OF DIVERSION
T 19N R 19E

I, Robert H. Barrett being first duly sworn, depose and say, that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between September 1, 1955 and December 15, 1956. That it truly and correctly represents the location and extent of the works used to divert water from the Truckee River, in Washoe County, by James E. Stead for irrigation purposes. That the points of diversion, the approximate location of the diverting channel, the location and extent of the lands upon which the water is used, together with the area and kind of culture in each 40-Acre subdivision, and the locations and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Robert H. Barrett
State Water Right Surveyor

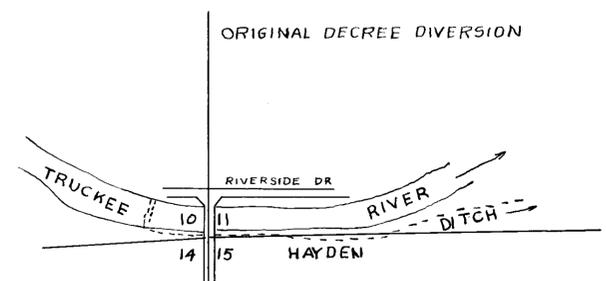

Subscribed and sworn to before me this 4th day of January, 1957.

Notary Public in and for Ormsby County, Nevada

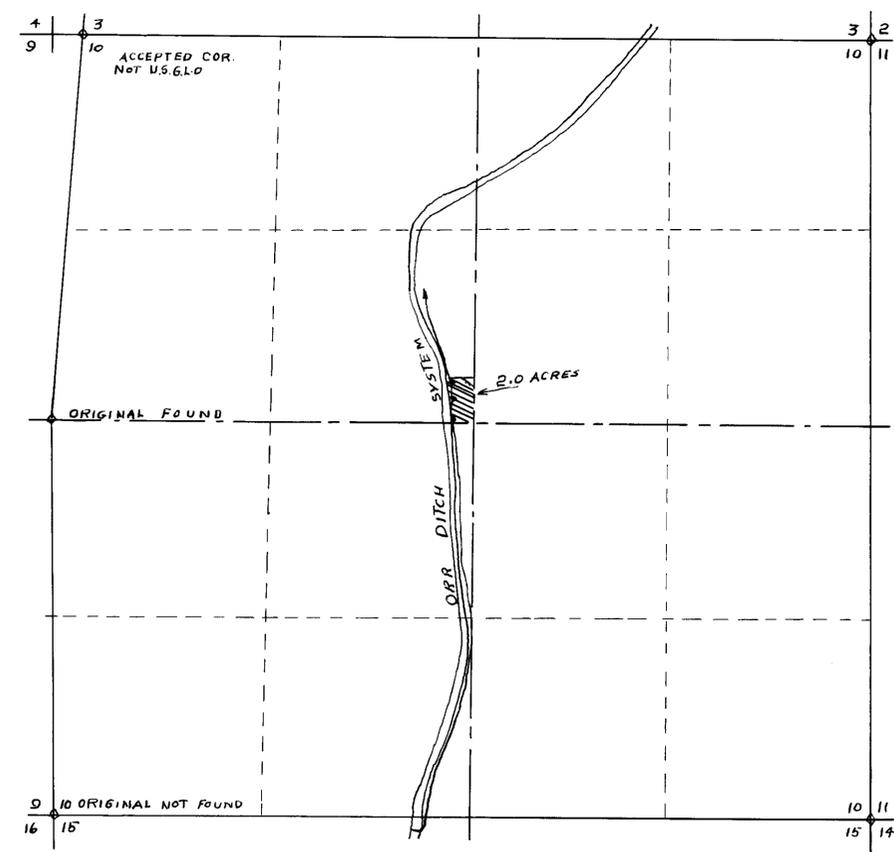

DETAIL "B"
SCALE 1" = 400'
T 19N R 19E

ORIGINAL DECREE DIVERSION

NOTE
The Hayden Ditch and diversion dam no longer exist. Their locations are approximate only and based upon the best information obtainable.

DETAIL "C"
SCALE 1" = 600'
T 20N R 20E

NOTE -
Water to be transferred under this application is defined under Claim No. 372 of the Truckee River Decree, and by Nevada State Engineer file No. 11014.

NOTE -
This map is submitted for PROOF OF BENEFICIAL USE also, for the reason that the cultured lands shown hereon have been irrigated for many years by water of a later priority than that transferred.
