

I, Robert H. Barrett being first duly sworn, depose and say, that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between December 1, 1956 and February 10, 1957 that it truly and correctly represents the location and extent of the works used to divert water from the Truckee River in Washoe County, by James E. Stead for irrigation purposes. That the point of diversion, the approximate location of the diverting channel, the location and extent of the lands upon which the water is used, together with the area and kind of culture in each 40-Acre subdivision, and the locations and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Robert H. Barrett
State Water Right Surveyor

Subscribed and sworn to before me this 26th day of March, 1957

Notary Public in and for Ormsby County, Nevada
My Commission Expires July 6, 1957

NOTE

Water to be transferred under this application is defined under a portion of Claim No. 346 of THE TRUCKEE RIVER DECREE

NOTE

This map is submitted for PROOF OF BENEFICIAL USE also, for the reason that the cultured lands shown hereon have been irrigated for many years by water of an earlier priority than that transferred
